Work Offered

Ernst & Young (EY) is one of the largest multinational professional services firms in the world. Headquartered in London, United Kingdom. EY Nigeria offers professional services including assurance, audit, tax, financial, and business advisory services to automotive, financial, government, entertainment, mining, real estate, technology, and telecommunication industries to major corporations both public and private, distributed across various sectors of the economy within Nigeria. The insights and quality services we deliver help build trust and confidence in the capital markets and in economies the world over. We develop outstanding leaders who team to deliver on our promises to all of our stakeholders. In so doing, we play a critical role in building a better working world for our people, for our clients and for our communities. See everything about us at www.ey.com.

YOUR INTERNSHIP AT EY - A unique experience to enhancing your career in business and technology environments that are shaping the world. It's meaningful work, every single day. You'll make complex technologies accessible to clients across every industry, helping them to find inventive solutions to their business problems. You'll help them grow, while discovering limitless opportunities to develop yourself. As well as developing your technical skills, you'll learn about business strategy and business issues. You'll collaborate with different departments and functions, with the freedom and ability to explore new prototypes and devise your own solutions. You won't just be implementing new technologies, you'll be designing the way they're used. You'll be transforming businesses, one idea at a time.

You'll find tech-related roles across our business, in all service lines and teams. So whether you're a business management, engineer, data specialist, a tax technologist, a tech consultant or a solution architect, you will enjoy your next great role with us.
